

Full Arch Financing for Dental Service Organizations and Multi-Location Implant Groups

More full arch cases funded. Every location measured.

Every level of your team in the loop, live.

Full arch and implant cases live or die on financing. Full Arch Financing gives your organization one standardized, portal-based financing process across every location, with direct-to-patient funding through a multi-lender approach and the real-time visibility executives need to manage case acceptance as a number, not a guess.

Two Simple Plans

Choose the 1.99% Discount Rate Plan or the Zero Discount Rate Plan. On the Zero Discount Rate Plan, the practice pays no discount rate fee on funded cases.

No Lender Interactions

The practice never deals with, negotiates with or manages lenders. Full Arch Financing and the platform handle it.

Proactive Practice Portal with Real-Time Key Performance Indicator Reporting

For every level of management and staff. Every role gets its own live dashboard, and every metric updates in real time.

Executive

All regions and all locations

Regional Director

Their region

Practice Manager

Their location

Staff

Their own patients

- Live pipeline metrics: Applications Sent, Pre-qualified, Offer Selected, Patient Funded, and Practice Funded (total dollars and percent confirmed).
- Quality signals: Not Pre-qualified and Below Guidelines rates; funding rate (Patient Funded divided by Pre-qualified).
- Side-by-side comparisons: by location and by staff member, with sortable, roll-up views.
- Patient Funded alerts: emailed live up the chain: Staff to Practice Manager to Regional Director to Executive.
- Automated report delivery: monthly, quarterly and annual Key Performance Indicator reports emailed to each level of leadership.
- Follow-up queues: Needs Follow-up auto-flags patients every 5 days, with scheduled follow-up dates.
- Practice Funded Confirmed tracker: see exactly which funded cases have been confirmed to the practice.

Why Dental Service Organizations Choose Full Arch Financing

- More patients approved. Direct-to-patient funding through a multi-lender approach reaches more patients across credit tiers than single-bank lenders.
- Patients are funded directly. The practice is not carrying the loan and collects just like a cash-pay case.
- Higher case acceptance. Built for full arch and implant cases, where financing decides the yes.
- One process, every location. A standardized workflow your teams run the same way everywhere.
- Applications from the portal. Staff send patient applications directly from the Full Arch Financing portal. Texting applications to patients: coming soon.
- Cancel and audit trail. Every action is recorded.
- Fast onboarding. Short training videos plus a 10 to 15 minute intro call get each location running quickly.

Two Simple Plans — Per location

Available to all active full-arch implant practices, multi-location implant groups and full-arch focused DSOs.

1.99% Discount Rate Plan

\$299 one-time enrollment

\$299 per month

1.99% of net collected (amount collected minus deposit)

Invoiced automatically, due on receipt

The 1.99% applies to all funded loans, regardless of patient credit score or loan amount.

Zero Discount Rate Plan

\$299 one-time enrollment

\$999 per month

No discount rate fee
